2-Mills For County Defeated

County voters overwhelmingly defeated a county millage increase proposal by a margin of 782 votes, the official tally showing 1228 No votes and 446 Yes votes.

The proposal was designed to raise the taxes by two mills for a one-year period only to enable the county to bail its way out of a deficit estimated at some \$85,000 this year. Breakdown of the voting was as follows:

	YES	NO
City of Grayling	114	219
Beaver Creek Twp.	14	78
Frederic Twp.	30	140
Grayling Twp.	227	517
Lovells Twp.	13	127
Maple Forest Twp.	7	48
South Branch Twp.	11	71
Absentee Ballots	30	28

Despite ideal weather conditions, the proposal failed to spark much interest amongst registered county voters with only 25% turning out at the polls.

Plane Makes Emergency Landing On County Road

A small plane was forced to make an emergency landing near the intersection of 7-Mile & Military Roads last Tuesday, September 11th because of a fuel system problem. Sheriff's deputies were dispatched to the scene of the landing while repairs were made, then blocked off the road to enable the plane to take off and continue towards its destination.

A car-motorcycle accident at the intersection of North Down River Rd. & Michigan Ave. resulted in injury to the cyclist, John Hirvela of Grayling. Driver of the auto was Martha Bancroft, also of Grayling. Hirvela was treated at Grayling's Mercy Hospital and released.

A total of 75 complaints were answered last week by the sheriff's dept., 16 involving breaking & enterings. Also noted were eight larceny reports and three involving malicious destruction. Sheriff's deputies also responded to four burglar alarms, all of which proved to be false. Ambulance crews were called out on five occasions as well.

Rotarians Postpone Minstrel Show

The Grayling Rotary Club has had to postpone the Annual Minstrel Show this fall as the School Officials have established a policy that the school facilities will not be available to any outside group, until the full millage is approved.

If the millage is approved in October and the High School Auditorium is available we will try to schedule the Show next Spring, sometime in late April or early May.

Mary Cecil and Rosalyn Johnston were hostesses to a group of Grayling residents who had been invited to come to share the experiences of their guest from Bangladesh, Hazra Zahiruddin.

Bangladesh was formerly known as East Pakistan.

Twenty six years ago, Hazra was in the United States for six months as a Fulbright Scholar, to study educational programs, one of which was under the sponsorship of the Detroit Board of Education and Wayne State University. Her tour took her to the school systems for orientation in Washington D.C., to Michigan, to Nebraska and North Dakota. At that time, 1953, when she was in Detroit, Mary and Rosalyn shared their home with her, and were instrumental in providing contacts with the Detroit Board of Education.

Hazra recently returned to this country to renew the friendship which was established at that time, as well as to contact the people in the educational programs in Chicago and New York.

Hazra was one of the first Moslem women of her state of Assam to graduate from the University of Calcutta. She was one in the group of Fulbright Scholars who wished to take the knowledge she had gained in the United States, back to her country to implement some improvements in their educational programs.

Hazra related that she spent 6 1/2 years in Iran where she was able to render service because of the American system she had come to know, at which time she attended the

Shah's wedding.

She said Iran is a Moslem Country which has been practicing Islam for a long time. Ayatullah Khomeini is a high priest in the religious order of Iran. His power comes from his followers of religious beliefs with no political background.

Hazra stated that in her country, Bangladesh, new developments are taking place in education, industry, agriculture and family planning, although there is

At Boyne City this Friday Vikings Sink Bucks, 14-0

by Joe Schrader

Grayling's Viking gridiron squad racked up its second straight victory here at home Friday night, shutting out the Roscommon Bucks, 14-0.

Head Coach Bill Klinger was pleased with his team's performance against Roscommon. "It was a complete team effort," he said following the contest, "our team philosophy is to play as a complete unit." The Vikes will travel to Boyne City to commence MHS-conference action this Friday night with kickoff set for 7:30 p.m.

The Vikes remain unbeaten and unscored-upon after two games but it took a gallant goal-line stand by the defensive unit in the first quarter when it stopped the Bucks with a fourth and goal on the one yd. line. The stage was set for the dramatic effort when Roscommon, moved the pigskin to the Vike 5-yd. line, the drive sparked by a 40-yd run by tailback Dana Jahosky. Three plays later the Bucks were a yard away from the end zone

when the Vike defense stopped them cold on the 4th down play. "We put Matt Mahaney in for the goal-line stand," Klinger commented, "and he seemed to provide the inspiration the defensive unit needed, a spark that continued throughout the game."

The first quarter was scoreless but in the 2nd, Todd Duncley picked off a Roscommon pass and

returned it to the 32-yd. line of the Bucks. Four plays later Jerry Lucksted cracked over from 2 yards out and the Vikes were on the scoreboard, 6-0. On the extra point attempt, Grayling startled the Bucks when they faked the kick and holder, QB John Juntula found Billy Lucksted open in the end zone with a 2-point scoring pass. That upped the score to 8-0. The TD came with only 1:47 remaining in the half but the Bucks were able to move to the Vike 38-yd. line when time ran out.

Northern National Bank Opens Doors

RIBBON CUTTING BY SHAREHOLDERS—Helen Roblin cuts dollar bill trimmed ribbon with Ted Kortess, President, assistance, at the Northern National Bank's Grand Opening on Monday, September 10th. (Photo courtesy of Herald Times)

September 10th at 10:00 a.m. Northern National Bank officially opened for business. A ribbon cutting ceremony attended by approximately 150 people, commemorated the event.

Master of Ceremonies and Bank President, Ted Kortess, started the festivities by welcoming all the guests in attendance and recognizing the members of the Bank Board of Directors. Kortess also introduced the bank staff, Randy Chapin-Vice President & Cashier, Jim Paris-Bank Operations, Shirley Johnston, Kim Peterson and Ilene Hatfield-Bank Teller and Beth Trenary-The Bank Co-op Student.

Grayling Mayor Sandy Thompson stated that the new bank was a definite plus to Grayling and a "real morale booster".

Walt Nowak, Executive Director of the Grayling Chamber of Commerce said, "The ceremony you are witnessing this morning is another step in the rebirth of Grayling-The Hospital \$8. million, The Holiday Inn \$2.5 million, Wendy's soon to open and today Northern National begins to fly its colors.

Our next objective is to further develop our industrial complex which we can do by increasing a positive community camaraderie. We must encourage our fellow citizens to adopt the proposals being made by our school officials. The past needs no planning. It's the future that we are concerned with. Grayling means business", Nowak concluded.

Green was the color of the day as a bright Kelly Green ribbon, decorated with new dollar bills was draped across the entrance. The Bank officers wore green a color that psychologists say indicates confidence.

The oldest and youngest stockholders took part in the opening ceremony, with Helen Roblin and Keith Melvin Nielson, nine months old on Sept. 10th, cutting the ribbon. After the ribbon cutting, Ted Kortess, President announced that "the Bank was now open for business".

The Bank's initial shareholders meeting was held Sept. 6th with 131 shareholders present. The Board of Directors was elected and includes Ron Fraser, Paul Lerg, Chuck Fick, Nelson A. Miles, Jerry Walker, George Dice, George Olson, Ted Kortess, Rose Duley, Jim Vanderlaan, Fitch Williams and Alan Grunewald.

Grayling Michigan—Thursday, Sept. 20, 1979

From Our
Corner ...

Grayling and Crawford County has no reason to complain on getting ink (that's newspaper coverage jargon) from down state metropolitan papers...

Our friendly Bay City Times saw to that...in their Friday edition staff writer Jeff Counts had two articles about our little hamlet, and came back on Sunday with another one.

The first one on Friday spotlighted the Rt. Rev. Walter B. McWilliams, better known as Burt the Barber, or the Sage of Michigan Avenue...

The article has Burt heading for Alaska when he hangs up his clippers...I for one will miss the Rt. Rev., he has trimmed our locks since we moved here in 1946...along with his never ending sermons...right now I don't know which one I'll miss most...

In case you do not buy the Times, the other article on Friday concerned un-announced firms who may have an interest in moving to Grayling in the Bear Archery complex...

Counts' Sunday article hit on the nostalgia era of Grayling when he highlighted Harold "Spike" MacNeven...head man of the high jinks crowd of the 30's...Spike during the 30's, 40's and 50's promoted Grayling and Crawford County like no man could ever dream of doing...

Throughout this era he had sports celebrities, politicians, people from afar in all walks of life at the "Spike's Keg O' Nails". During this era, one of the most highly known individuals, Heavyweight Champion of the World, Jack Dempsey, was a guest of Spike's for a canoe outing on the AuSable...

During those days, Spike's was the home of the "Prairie Pike". Hundreds of people would stop by to see and have Spike tell of its origin...with a tooth pick in his mouth...this stopped him from laughing...

Just stop and think how Grayling must have been during those early days when Burt held court on Michigan Ave., and Spike likewise around the corner on Cedar St...it's a good thing the Leprechaun came along later...the town could not have handled all three of them at the same time...

Nostalgia is the word...

An idle thought while waiting for Mr. County Clerk, Leo Lovely to give me a call on the outcome of the county millage election...We made a trip to Mt. Pleasant to take down section B today (Sal normally does this but she was helping on the election) anyhow, on our way out of town we stopped at an Irish Pub called the "Green Spot" to get a couple chili dogs (Dr. B is not supposed to read this) and orange pop before we headed home...

While sitting there we were reading all the choice sayings on plaques that adorn the Pub and came across this one we hadn't seen before...the saying goes...Irish Diplomacy...The ability to tell a man to go to hell, so that he will look forward to making the trip.

Next time you are around Grayling's chip from the Emerald Isle...pay close attention to what he is saying...

Apathy has got to be the name of the game in Crawford County...

How can citizens in our democracy have this little interest in the welfare of all...

A great big whopping 25% of the registered voters turned out to vote down the 2-mills asked by the Board of Commissioners to help them out of a dilemma that they inherited when they took office...

The 1228 No votes against the 446 Yes votes does not bug us...what does is the 5021 voters that didn't take the time on a nice sunny Monday to make their presence known at the polls which takes all of 15 minutes out of their so called busy day.

If the rest of the country is like this, it is no wonder why we have to hope the deity is looking out for Uncle Sam...it is quite apparent the majority don't give a dam...at least in Crawford County...

Have a nice weekend...ours will not be as happy as last week...we were with T.J., Stef and folks to celebrate the brides birthday...we don't dare tell how many after we ran the full page ad five years ago on her half century...

Emil Kraus left Monday by the M.C.N.E.R.R. to Manistee from which place he will take the boat for Milwaukee and then to Elkhorn, Wis., to visit his brother, Ben and family.

Most exciting thing on the docket is the election in November.

N.P. Olson is expected home today from a trip through Wisconsin, where he has been combining business and pleasure.

Many of our citizens are preparing to go to the Manistee County Fair.

About a hundred of our citizens went to Manistee Sunday to see the ball team get walloped to the tune of 4-1 in favor of Manistee. There is some kicking on the decision of the umpire before the 6th inning, up to which the score one to one.

Foolish Galatians Rebuked

Galatians 3:1-4

Paul begins his rebuke by charging the Galatians of being "foolish", "bewitched" and "disobedient to the gospel of God's Grace." "O foolish Galatians, who hath bewitched you, that ye should not obey the truth, before whose eyes Jesus Christ hath been evidently set forth, crucified among you?" Gal. 3:1. Paul reminded them that the gospel of grace had been preached so clearly, they had a very picture of the death, burial and resurrection of Jesus Christ as their only hope of salvation.

Paul next asked them a very revealing question: "This only would I learn of you, Received ye the Spirit by the works of the law, or by the hearing of faith?" Gal. 3:2. Paul is simply saying, were you saved by Grace or Works? Were you saved by obeying God's law or by believing God's gospel of grace? Were you saved by what you did or by what Christ did for you?

Paul then rebukes them with a third question: "Are ye so foolish? having begun in the Spirit, are ye now made perfect by the flesh?" Gal. 3:3. Since you could not be saved by works, how can you now turn back to them for your sanctification? If your works could not save you, how can they keep you saved? Paul is saying, you people who have asked Jesus Christ to come into your heart, by faith, and now think you keep yourselves saved by obeying God's Word, are foolish. We obey God's Word because we are saved, but never to stay saved.

Paul reminds them that faith in their own works is vain: "Have ye suffered so many things in vain? if it be yet in vain." Gal. 3:4. Any mixing of man's works with God's grace is a vain thing before God. Man can only be saved by the finished work of Jesus Christ for our sins. The moment we add any human effort or works as a part of this salvation, we "frustrate the grace of God: for it righteousness come by the law, then Christ is dead in vain." Gal. 2:21.

My friend, are you trusting alone in the finished work of Jesus Christ to save you and keep you saved? Is there one thing you must do yet to get to Heaven? Please do not be bewitched and become like the foolish Galatians. (adv.)

Alumni News

Alumni letters are ready for mailing. G.H.S. Alumni Homecoming date set for October 20. A lot of classes will not get their usual...no response...no letter. It costs us a lot of money for a good gesture that is not recognized. However...any G.H.S. Alumnus is welcome to attend. Mail your reservation to the Alumni Office, 403 Mich. Ave.

I read an interesting article in the Bay City Times... "Quote... A committee from Mio High School 1954 graduating class has arrived at the date for Mio School Alumni Banquet. Graduates of the Class of 1929 will be honored." It has been suggested by our Boards through the past that Reunion classes be on committee for the next years Reunions, sort of a friendly gesture. Then we have heard the story from some who "Didn't know anyone at the Alumni party". It would be almost unbelievable that one could go through 4 years of High School and not know anyone but your own class. This article does not pinpoint any specific class...only using the item as an example...it just happened to be this year.

I lost a classmate over the weekend. Deaton Griffith, '35, was killed in an auto accident in Clio. His sisters are Donna Griffith Gyde, '37, and Norma Griffith Gust.

Now for all of you...Vote October 8th. There will be some interesting information in the column in the next weeks before our Homecoming on October 20th. Clara Sorenson

CARD OF THANKS
I would like to thank the Doctors, Mercy Hospital Staff, The Masonic Lodge for the service & luncheon, all my relatives, friends & neighbors for their thoughtfulness & concern during my recent loss.

Tickets are available in advance from any ABWA member for \$3.00, or at the door if there are any remaining. Summer Genealogy Class at Kirtland

The summer Genealogy class at Kirtland Community College has been indexing tombstone inscriptions from local cemeteries (including Rock Cemetery in Crawford County, Damon Cemetery in Ogemaw County, and Richardson Cemetery and Higgins Cemetery in Roscommon County).

The indexing of these cemetery sites will enable many of our future community members to identify and trace their ancestors for many reasons.

Such reasons may include pension benefits, family histories, military service, and membership in various national and local organizations.

Course instructor Tim Vincent demonstrated how to take tombstone rubbings. Some of the inscriptions taken were very decorative, as well as interesting.

The index cards are put in alphabetical order, then typed and sent to the State Library in Lansing to be placed in their Genealogy Department. The Kirtland Community College Library will also have a copy.

SHOW UP?

There is no question that athletics and extra curricular activities play an important part in the development of a well-rounded individual. With the emphasis on teamwork, competition, and sportsmanship, these activities develop qualities to carry into adulthood.

Music, sports, hobby clubs, and plays will not be a part of our students education unless you vote "YES" Oct. 8. These are not "frills," but part of a good, basic education. Our children deserve nothing less.

Receives Juris Doctor Degree

Richard C. Gould received his Juris Doctor Degree at commencement exercise held Sunday, September 16th, at 2 p.m. at the Thomas M. Cooley Law School Auditorium in Lansing, Michigan.

The principal commencement address was given by Frank J. Kelly, Attorney General for the State of Michigan. The speaker was introduced by Thomas E. Brennan, President of the school and a law school classmate of Frank Kelly. Robert E. Krimack, Class Dean, conferred the degrees on the 50 new lawyers of the George M. Clark graduating class.

Attending from Grayling were Lora Gould, his mother and Connie Vaughn his sister.

They also joined Rick and Denise and Denise's parents in attending a lovely reception given by the school for the graduating class in the Lincoln Inn at Cooley.

Rick is now employed in Grand Rapids with the law firm of Catchick and Dodge.

The bride's sister, Holly Knibbs, and the groom's brother, Paul Elliott, attended the couple, with Holly singing, "The Wedding Song," prior to the wedding ceremony.

Following the ceremony a reception was held at the Michigan University Club.

Nancy is employed as a history teacher in Dearborn Heights, and Michael is Director of Planning for the Greater Detroit Area Hospital Council in Detroit.

The couple will reside at 1204 Granger Street in Ann Arbor.

Gala Mexican Evening Planned For Grayling Adventure Opener

On Thursday evening, September 20, residents of the Grayling and surrounding area are cordially invited to a gala Mexican celebration to be staged at the Grayling Holiday Inn. The event is being planned by the Grayling Community School Office and will open that organizations seventh season of exciting Travel and Adventure films. Included in the evening's activities are a complete Mexican style dinner followed by an exciting film documentary on the country of Mexico. Because of the uniqueness of the dinner, the Holiday Inn is requesting that reservations be made in advance for that portion of the evening's activities. Tickets for the film featuring nationally recognized lecturer, photographer and explorer Romain Wilhelmsen will be available at the door prior to the showing at 7:30. Serving of the Mexican dinner will begin at 6:00 p.m.

Mexico has more than 6,000 miles of coastline, bathed by the warm waters of the Gulf of Mexico and the Pacific Ocean. Mountain ranges along both coasts shadow a high plateau where climates range from desert snowy peaks. The rivers of the tropics, the lazy beaches along the coast, cool and sunny lake lands, canyons and mountains all will contribute to a fascinating film visit by the Grayling audience on Thursday evening.

With Romain Wilhelmsen as their guide, narrating this exciting full color, true-life adventure in person, the Grayling audience will visit the delightful colonial town of Taxco and visit its internationally famous silver shops and visit the famous beach resort of acapulco. They will stand in awe before the exquisite Mayan temples of Palengue and listen for the throb of an ancient drum and watch as Mayan Indians silently follow their age-old tra-

ditions. Other attractions will include the modern Mexico City, Guadalajara, the Paris to the Americas and the massive 18th century ghost town of Catoree. Last, but not least, the Grayling audience will go with Romain on the most fabulous train ride in the Western Hemisphere through the awesome northern Sierra Madre Mountains, seeking treasures in the wild areas.

Advance tickets to the Grayling Travel and Adventure series can be obtained at the Grayling Community School Office. Tickets will also be available at the door in pleasant atmosphere of Grayling's new Holiday Inn. Serving of the Mexican dinner will begin at 6:00 and the travelogue will begin at 7:30.

cheerleaders that delighted the crowd.

The Vikings kicked off to Roscommon to start the 2nd half but thwarted any attempt at a sustained drive with excellent pass protection and the Bucks were forced to punt to the Vike 14-yd line. Fourteen plays later, Billy Lucksted plunged in from the 1-yd. line after the offensive squad had methodically moved the ball into scoring position. The x-point kick was blocked and the score stood at 14-0.

The ball changed hands throughout the rest of the contest with no additional scoring but the Vikes were threatening on the 11-yd line of the Bucks when time ran out.

Klinger had special praise for his specialty teams, describing their performances as "excellent." He also lauded the team's pass defense efforts. "Best all-around performance since I've been coach here," he said, citing Tim Jones in particular for his work.

Junior QB John Junttila engineered the offense which piled up 218 total yards, led by the running backs and linemen John Peterson, Warren Galvani, Joe Mahaney, Rusty Shepherd, Frank Blaauw & Jim Kitch. Billy Lucksted picked up 120 yds. in 14 carries, his brother Jerry added 41, Todd Duncley, 20 and Rocky Tobin, 17. Junttila was 3 for 4 in passing for 18 yds., all hauled in by Bill Lucksted. Duncley and Jerry Lucksted intercepted errant Buck passes and Klinger cited Jerry & Terry Lucksted, George Bindschatel & Tobin for their defensive backfield efforts. Tobin was leading tackler with 13, Bindschatel had 11, Matt Mahaney, 10, Duncley and Terry Lucksted, 8 apiece and Jerry Lucksted, 6.

Despite the shutout, Klinger praised Roscommon "for just never giving up throughout the entire game."

On Thursday, the JV gridiron squad traveled to Roscommon and brought back a narrow 16-14 win. Brian Yoder and Brad Trenary scored the TD's for the Vikes, both of which were followed by 2-point conversions. According to Mike Smith, who coaches the squad along with Chuck Spencer, pass interceptions helped the Viking cause, two key ones in particular by Dave Burr and Dan Lucksted. "It was an all-around good defensive effort", commented Smith. The JV's will host Boyne City this Friday evening with kickoff set for 6:30 p.m.

Roach Sets GVS Record
Junior tailback Will Roach of Grayling set a new Grand Valley State College pass receiving record when he hauled in eight passes, breaking the old record of five in one game. One of Roach's receptions was a 66-yard scoring strike from QB David Quinley. He also scored Grand Valley's other TD, but it wasn't enough as Northern Michigan walked away with a 41-14 victory.

Editor's Mailbox
To the Editor
Dear Sir;
How could they vote "no"? How can they just sit back and let their own community deteriorate? How can they stand there and do nothing, knowing that the schools will close if the millage fails, knowing that the kids may have to be bused to another school district? How can they do it?
As a student at Grayling High School, I ask myself these questions, and also hear them from other students. The only answer we ever get is, "it's too much money," or "tax-payers just don't want to pay that much." In the long run, what's going to be the greater loss, a few dollars from your pocket, or a students' education and faith in his/her elders? How can we, as children, look up to the people of our community and say "Wow, these people really care about us, they really want us to have a good education?" How can we say this, if you don't prove it to us first?
I'm a Senior this year, and like many of my other classmates, I have goals to reach and dreams to fulfill. My first goal is to graduate in June of 1980, from Grayling High School, earn some money in the summer and start college in Sept. (1980). Up until now, which has been 12 years, my community has helped me get closer to my goals. They have given me an education that has really been beneficial and to my advantage. And most of all, they have showed me that they care.
Please, don't let me, or any of the other students that attend Grayling Schools down, vote "Yes" on October 8th. Thank you.
Sincerely,
Toni Trudgeon

FIRST AID TRAINING HELD AT SKYLINE—Saturday, September 15, culminated a summer of First Aid training for candidates of the National Ski Patrol System, Northern Michigan Region.
Candidates have been training for one weekend each month during June, July, and August under the coordination of Bill Faulk, Dennis Mikko, and Paul Rutla of Sugarloaf Mountain near Traverse City. The coordinators have been utilizing a staff of 20-25 Northern Michigan Patrolers in the training program.
The facilities of Skyline Ski Area are made available each year by Ernie Nye for the National Ski Patrol for testing and training in preparation for the ski season each year. This is the sixth year that Ernie has made his facilities available which is greatly appreciated by the NSPS members. Skyline is ideally located in the central part of the State on I-75.

Grayling Elementary Back To School
When I came back to school on Wednesday, September 5, 1979, I had butterflies flying around in my stomach and I was so nervous my hands were shaking when I saw my name on a slip of paper on the door. I went in and found a comfortable desk. I sat down and put my paper and pencils in my desk and went outside. Written by Dena Thayer, 4th grade.
The First Day of School
Gosh, I just can't sleep. I'm excited, well, sort of. I wonder who's going to be in my class? Well, anyways, I better get to sleep or else I won't be able to get up in the morning.

Guest Speaker at Luncheon

Dr. Anne Cairns-Federlein was the guest speaker for a "Steps-Up" luncheon at the Holiday Motel Dining Room at Houghton Lake. The luncheon, held August 23 was provided as a part of the Child Find Project sponsored by COOR Intermediate and the local school districts of Crawford, Oscoda, Ogemaw and Roscommon counties.

Dr. Federlein presented briefly, the need for early diagnosis and intervention with young handicapped children. She emphasized the fact that professional personnel must see youngsters first at the developmental level they have attained and only then as being handicapped or non-handicapped. The handicapped child cannot be provided for in isolation, she said, but must be permitted to develop skills through interaction with normal peers. This is "mainstreaming" and is mandated by both state and federal legislation for the education of the handicapped.

Dr. Federlein is currently the chairperson for the Early Childhood School of Human and Educational Services of Oakland University in Rochester. She has been an educator in both early elementary and special education fields in addition to having owned and operated two private nursery schools.

Editor's Mailbox

Sept. 14, 1979

Dear Whitley... This letter is in answer to the anti-school millage letters that have been written to the Avalanche.

First-let me state that I am a mother, a grandmother and a taxpayer. I have never missed voting in an election since I was 21 years old and have never voted "no" on a school proposal. Not because I like spending money, but because I believe in education and I want the best education for all children.

In answer to the lady who said the "little red school house" education was good enough...let us remember that in the days of the "little red school house" most children were fortunate to complete the 6th grade...a few made it to the 8th...and the competition in the outside world had the same limited education. Even 35 years ago when I graduated it was only the top 10% who went beyond high school. A person with a high school education could get a good job and become a self-made "person". However, soon after that time it became increasingly evident that only a college degree would ensure a job with a future.

What some fail to remember is that each and every student that graduates from high school today faces a world many times more complex than did a student graduating even ten years ago. These students must be prepared to compete and to cope with today's world. They must have the beginnings of a skill. They have much more to learn than we did.

Even if today's student does not go on to college...perhaps they choose to own a business or go into a trade...they must be prepared to get along in a much more sophisticated business world than existed 20 years ago. A tradesman must be prepared to work with more sophisticated equipment. There is no field where the "little red school house" form of education will prepare the student of today for the future.

For the record-I can also state from my own experience that even 45 years ago small rural schools included music, art and physical education in their curriculum. These classes were never meant to be a frill or an extra-they were meant to produce well rounded students.

If there are those who cannot look at it from the children's point of view...perhaps they can look at it from the economic side. If we want Grayling to grow and prosper we need to attract the best...the best people...the best retail business places...the best industry. The first thing these people look for are good schools and churches. Well, we have many fine church's...but when they consider the schools and find that we are near the bottom of the list when it comes to the amount of money behind each student...they won't be interested in living in Grayling.

Come on people...lets give these kids a chance...our folks paid for our education...now its our turn to pay for someone else's...the kids of today...the kids in the Crawford-AuSable Schools...our kids. Vote Yes for all the millage

Sincerely,
Betty Bennett

Sunday Couples Hold Last Party

by Fay Bovee

The last of the season's Sunday couples parties was held on a beautiful September day, the past Sunday and 18 foursomes played Scotch Doubles with the winners, Bob Schwarz and Eddie Blaha coming in with a net of 30. Their actual was 39. Our gal, Eddie, has walked away with many prizes this year, with a much improved game.

Following awarding of door prizes, a steak dinner complete with salads, relishes, baked potatoes, rolls, and dessert was enjoyed. The committee of Tom and Dodie Brady, Walt and Betty Layman, Tom and Thelma Bateman, and Clare and Clara Beaufait did an excellent job. The weather was perfect and even though there was a lot of grumbling about scores, everyone had an enjoyable day.

Tom and Sandi Brogger are to be congratulated on a job well done this past summer. Tom has the course in excellent shape and we know that many are going to enjoy the fall days of golfing as long as the weather lasts.

The Men's League Banquet is being combined into one evening this year, on September 29. Last chance, sign up before September 23.

The following letter is to thank the club members for saving Glen's tapes and Campbell Soup labels for the elementary school. "Grayling Elementary School, Grayling MI 49738, Sept. 14, 1979, Dear Grayling Country Club, Thank you for saving Campbell's Soup labels and Glen's Market tapes for our school. It will buy us books and money for our school. Thank you. Sincerely, Robert Franklin Coon."

Students Paint Middle School Band Room

According to Band Director Robert Harris, a group of Middle School band members got together on Friday & Saturday, Sept. 7th & 8th and painted the school's band room. The students, all volunteers, also sorted out and filed music. Most put in a full day's work both days. Students participating in the work project included Marion Matyn, Miranda Canfield, Kristi Ostrowski, Tanya Bartelli, Monique Petrosky, Rob Holzman, Mary Jo Holzman, Steve Brooks, Wayne Ross, Brian Speich, Heidi Bendig, Tracey Riley, Alice Matyn, Diane Whaley, Dave Doty and Nancy Kucharek. Calibre students like these deserve all the support the community can possibly give throughout the school year.

G.H.S. Students Invited to Career Program

Grayling High School students are invited to attend the 26th Annual Career Night Program at Petoskey High School on Wednesday, October 3, 1979, at 7:30 p.m. There will be three 30 minute periods during which time you will have an opportunity to visit with the various college representatives. You may select three from more than fifty colleges, nursing, business, and vocational schools. Over thirty percent of our graduates attend college or pursue some other form of higher education. Most of these graduates are accepted at their "first choice" college. This, we feel, is due to the thoughtful, cooperative planning by students, parents and counselors. We are sorry that parents will have to provide their own transportation this year. If you have any questions, please call the High School Counseling Office at 348-7641, ext. 40.

Tuesday evening classes were American Government and Conservation. Classes meeting for the first time Wednesday evening of this week are American Literature, Basic Mathematics and the second session of the Secretarial Training Program which meets two nights each week. The Grayling adult high school four day week will round out on Thursday evening with classes in American History and Woodshop. they are not competing. The athletes will have the opportunity to take part in hay rides, view feature movies and a radio controlled airplane show and tour the Fred Bear Museum. The Grayling National Guard unit will put on a tank display and former New York Yankee and Detroit Tiger Tom Tresh and his son Mike will be on hand to lead the group in a hootenanny. Grayling radio station WQON-FM will host a victory dance for the athletes on Saturday night.

The tournament has turned into a true community activity. All the meals are being provided by area businesses or service clubs, and area lumber yards have donated materials to build the goals. Other area groups are providing snacks for the competitors or participating in the special events.

When asked what we could do to help in these developing countries, Hazra said she would like to see a closer relationship on a non-governmental level.

She lives in a man dominated world, but believes that her government is being motivated to initiate steps to improve the status of women. Some women have been appointed to high positions in various jobs.

While Hazra was in Grayling she was captivated by each and every experience. The tranquility of the AuSable River, the novelty of a micro-wave oven, the awareness that there exists such a thing as a cook-book, the campgrounds, attending church, the trip to the Bear Museum, where El Scott graciously provided a special showing of "The Good Earth", Fred Bear's latest film where the locale depicted is the Grayling area, all were memorable, exciting, novel experiences for this brilliant and talented woman.

Hazra has an extensive and explicit English vocabulary and provided the assembled guests with an informative and interesting afternoon.

THOUGHT FOR FOOD

Bacon & Chicken
Skin and split 4 double chicken breasts. Wrap 1 or 2 slices of bacon around each and place in a shallow baking dish.

Cream 1 stick of butter with 2 tablespoons of parsley flakes and 2 tablespoons of chopped chives. Blend in 3 tablespoons Worcestershire sauce, and spread this mixture over the bacon wrapped chicken.

Bake uncovered at 350 degrees for about an hour, baste occasionally and keep an eye on it late in the baking — butter wants to burn. Because this makes a good gravy, it is super-good served with fluffy white rice.

"Delicious", "Quick" and "Simple", I say.

Geology Means

The word "geology" literally means the study of the Earth, but the science of geology is specifically concerned with elucidating the history of the Earth by the study of its rocks and of the changes, both internal and external, which it has undergone or is undergoing.

The pre-school program is designated for children living in the Crawford AuSable School District who fill one or more of the following criteria:

1. Needs social development by playing with other children.

2. I very shy.

3. Is hyperactive.

4. Comes from a low income home.

5. Comes from a one parent home.

6. Needs language development.

7. Needs small motor or large motor muscle coordination.

8. Has more than the usual emotional outbursts.

This pre-school program will begin in September. At this time we are attempting to identify children whose needs meet the above requirements.

If you would like your child to benefit through this pre-school program and one or more of the above requirements apply to your child, please call 348-7641, ext. 52.

Children selected for this program will be determined by their needs.

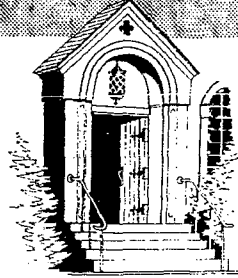

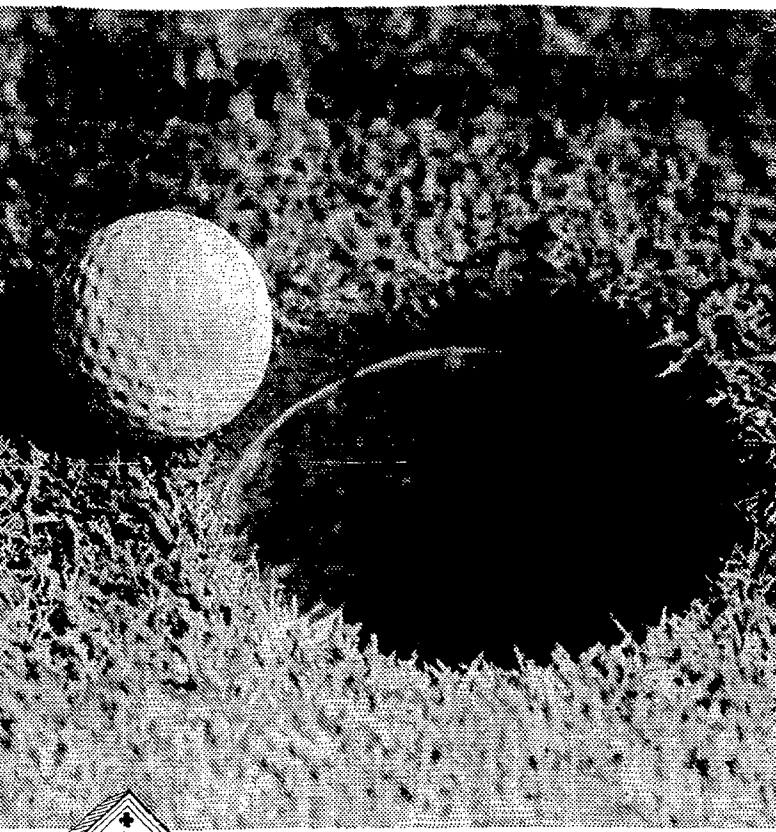

Developmental Screening Steps-Up Program

The District Health Department No. 1 and the Intermediate School Districts of Crawford, Oscoda, Ogemaw and Roscommon Counties are sponsoring a joint effort to screen young children, 0-3 years of age, at the regular scheduled immunization clinics. The "Steps-Up" Developmental Screening Program aims to quickly examine many children for any signs of developmental delay. Screening is different from testing or evaluating, as screening does not determine specifically what is wrong with a child.

Why is it necessary to identify children with developmental delays at such an early age? Learning begins at birth. The first few years of life are the most important for learning. Eighty percent (80%) of the brain's growth has taken place by the time the child is two years old. Children need to be stimulated to see and hear and use their hands, arms and bodies so they can develop. Developmental skills refer to such things as walking, talking, spoon feeding and playing. It has been shown that children of different ages say two weeks or ten weeks can do certain stages at these various stages of growth. Therefore, it is essential that a child who is developmentally delayed receive help early, while the brain is developing and intervention can be most effective. Sometimes, this intervention need only be to let the child draw with paper and pencil, or to use scissors while under parent supervision. Bright colored moving objects for baby to look at and frequent changes of scene, e.g., bedroom, kitchen, outside sounds and smells will also stimulate his imagination. The "Steps-Up" Program will screen for this type of development.

The "Steps-Up" Program is federally funded, and is therefore, offered as a service of your health department. Nationally, monies have been made available to committees to further equal opportunity for all handicapped persons, and to screen for the handicapped where early intervention will decrease the handicap in later life.

What a disappointment! You had a tremendous drive, the perfect chip shot, and a brilliant putt; then your ball stopped a hairsbreadth from the edge of the cup. The birdie you thought was yours didn't materialize.

Of course, it's only a game; it doesn't really matter. But blighted hopes are not always so trivial. What if something really big passes you by? Suppose you don't get that promotion, your son's scholarship is given to someone else, an important client changes his mind, or the stock market wipes out your investment? Where do you turn? Where do you find strength to meet life's disillusionments?

Spiritual values are constant. Fortunes may shift and change but your Church stands firm. The truths and inspiration you find there give meaning, purpose, and stability to your life.

Governor's reform hits plank mark

RICHARD MILLIMAN

The Government of Wayne County—Michigan's largest and most complex—ran out of money.

One of the problems was that state and county officials can't agree on how much money the county government was out of...which is ample argument right there on why Wayne County Government should be re-shaped.

For the state's part, Gov. Milliken indicated state help could be advanced for Wayne County, but only at a price. That price would be a rather stark revamping of county government structure.

It should come as little surprise that incumbent county officials object a bit to the Milliken attempt at streamlining. They sound the age-old cry of the incumbent: What's wrong with things the way they are?

What's wrong, of course, is that the county ran out of money before it ran out of public obligations. Uncertainty and a layoff still loom for more than 5,500 county employees.

County officials had the answer: Borrow against the future. Wayne wanted to sell \$22 million in tax anticipation notes...in other words, borrow money now to be repaid by taxes-to-be-collected.

That's not a solution, of course; that's only another patch on the rotting old inertube.

One of the most pitiful parts of this scenario was the disagreement over how much Wayne County was behind the financial eight-ball. The State Department of Management and Budget counted up all the assets and liabilities and figured Wayne County was \$53 million in deficit.

Not so, countered county officials. Wayne County was really only \$18.2 million in deficit.

Just savor that little triumph for a moment: When a county government can put a satisfied "only" in front of a deficit of \$18 million, there's trouble.

It should not be a surprise, however. What can the taxpayers expect from county government when its Board of Commissioners has a standing Commit-

tee on Financial Emergencies, such as in Wayne County.

It certainly appears that the existing structure of county government in Michigan does not fit the Wayne County situation anymore.

Several options have been suggested. One answer might be a full-time administrative head of county government...a county manager, sort-of...either elected or appointed by the Board of Commissioners.

Another idea is a more city-like structure for county government, with a major-type position, and a council-type legislative body.

Still another more radical idea (and yet, it might have considerable merit) would be a revamping of local government lines throughout the county, to turn present Wayne County—or at least significant parts of it—into a unified city-county structure of government. It's been done in several areas—the Miami area in Florida, Indianapolis and Toronto all have some form of area government. Maybe the Detroit-Wayne area would benefit too.

Structure, of course is not the only problem. But some change in basic system appears from here to be an essential step.

Gov. Milliken's correct on this one: If the only way to get the attention of the mule is to apply a two-by-four across the rump, then that's what should be used.

Maybe then the mule will start some movement.

Some closing Nuts and Bolts from Hod Shewell:

Diamonds have joined the inflation parade; blame it on the high cost of loving.

—Turn signals on tomorrow's car may be labeled "hee" and "haw".

—A born loser is a guy who gets run over by a hearse.

—In England, the door-to-door peddler says: "Straford-on-Avon calling".

—Strawberries are never served in prison; too much danger of guys breaking out.

Denise Van Wallaghen, daughter of Mr. and Mrs. Richard Van Wallaghen of Rockwood, Michigan, and Richard Charles Gould of Grayling were united in marriage in a double-ring ceremony at 2:00 p.m. Saturday, September 8th. The Nuptial Mass was held at St. Mary's Church with Father Neis officiating, assisted by Sister Cecilia and Angela Kirkum at Communion. Mrs. Ralph Hoffman provided music during the mass, and daughter Bridget Hoffman, soloist, sang "My Sweet Lady", "Follow Me", "Evergreen", and "The Wedding Song". Altar boys were Renee Trudgeon and Riley McNamara.

The bride's gown was ivory floor length, with embroidered lace bodice and jacket. She wore a crown of silk rose buds to match her dress. She carried a bridal bouquet of handmade silk yellow and ivory rosebuds, white baby carnations, and apricot roses. Maid-of-Honor was Michele Van Wallaghen, sister of the bride. She wore a floor-length dress of bittersweet with matching bouquet. This color scheme was used throughout the church and home floral decorations. The flower girl was 7-year-old Tanya Kopel, the bride's God-child, who wore a bittersweet and ivory floral dress.

The Best Man was Dr. William Gould, brother of the groom, ring-bearer was Shane LeMay, nephew of the bride; Ushers were Daniel and Kenneth Vaughn, nephews of the groom. All wore Brown Wellington Tuxedos with apricot shirts.

Vivian Van Wallaghen, mother of the bride, wore a plum-color floor length gown with jacket, and Lora Gould, mother of the groom, wore a floor length dress of mint green.

A lawn reception was held at the home of Lora Gould, and hosted jointly by the parents of the bride and Mrs. Gould. Beautiful organ music was provided throughout the reception by June Feldhauser. The groom's sister, Connie Vaughn, attended to the gift table. The wedding cake, made by Ruth Fenton, was served by Terry Yount, a close friend of the bride. Marie Reeves, Genevieve Hill, Mike Lee, and Vivian Nichols assisted in serving refreshments prepared by Cheryl's Catering.

Following the reception, the Richard Gould's left for a week's honeymoon at the

KNIGHTS OF COLUMBUS—Council 1982-Grayling; from left: Jim Wiltse, Ralph Millikin, Walt Galvani, Paul Elekonich, Grand Knight and Rev. Thomas A. Neis, Superintendent. (Larry Hunter Photo)

At a recent district deputy's meeting with the Grand Knights of the Knights of Columbus councils in Grayling, Grand Knight Paul Elekonich of council 1982 of Grayling presented a check of \$140.00 to Father Thomas Neis for the diocesan program for the religious education of the handicapped.

"Members of our K. of C. council sponsored its annual 'Tootsie Roll' drive for the state-wide mental

retardation program last April. We are happy to share a portion of these funds with the diocesan education department to help its beginning efforts to develop religious education programs within the Diocese of Gaylord," he said.

Father Neis thanked the Knights of Council 1982 of Grayling, and all who contributed to their appeal. He

said, "Sister Catherine Anderson will now be able to use these funds to help foster initial programs for the physically and mentally handicapped in providing them with her services." He concluded, "We are most grateful to all who participated in this most worthwhile cause, and especially to the local Knights who have supported our efforts for the second straight year."

**Increase Long
Distance Calls**

Long distance call handling capacity has been increased between General Telephone's Gaylord and Roscommon-Skyline switching center, according to Lois Reagan, division manager for the company.

"Additional circuits have been added through the use of radio carrier systems which carry many conversations simultaneously on separate frequency channels," Mrs. Reagan said. "The new circuits are needed to meet normal long distance growth requirements through 1980," she added.

Trunking equipment, designed to provide additional conversation paths through the Roscommon-Skyline long distance switching office, has also been installed.

Mrs. Reagan explained that this project increases the number of calls that can be switched through at the same time between Roscommon-Skyline and Pontiac, Petoskey, Plymouth and Traverse City.

This long distance service expansion and improvement project required an investment of \$130,300 by General Telephone, the utility concluded.

Pictured above are the graduating seniors of Grayling High School, 1932 and 1933. They graduated from school during what was probably the bleakest time in American history. It is accurate to say that Grayling suffered even more severely during those dark days than most other parts of the country. The lumber was gone, the mills had been closed, and there were some who felt that Grayling might indeed go the way of her neighbors, Pere Cheney and Deward.

In the midst of all this gloom, the Grayling school millages were passed. No taxpayer of today understands hardship the way those people of the Thirties did. But people at that time believed in kids, and they knew that the only way out of the Great Depression was continued confidence in the future. They were willing to sacrifice to make the future better for their children.

We like to think people today feel the same.
